

# Agricultural Beet

## SMBSC Agronomy Website Update – March 20, 2024

Approximately two years ago, SMBSC introduced a new website containing agronomy information for SMBSC shareholders and sugar beet industry representatives. Over the past few months, 2024 information has been updated on the website. This edition of the Agricultural Beet highlights four of the website locations of this updated information. Below is a screenshot of the SMBSC Agronomy website (<https://www.smbsc.com/agronomy/AgronomyDefault>) and four boxes highlighting the new information that can be accessed on several of the Agronomy tabs.

1. AGRONOMY QUICKSHEETS – updated 2024 Quicksheets and the 2024 SMBSC Sugar Beet Production Guide.

2. MEETING INFO – links to videos of the 2024 SMBSC Production Seminar presentations.
